Mk V blank filled at Hendon SA using a reject AP case. Blanks were made here from 1942 to 1945.

Mk V blank made at MW in Western Australia from 1943 to 1945.

Mk V blank made at Factory No. 3 Hendon, in SA. Blanks were made from 1942 to 1943.

Wooden bulleted blank made at MF in 1943.

In addition to the above headstamps there will be found many blanks with headstamps showing Incendiary, ball and grenade launcher origins. Any reject case was utilized as a blank cartridge during the war years. Many blanks will be found with no headstamps at all, such as the rush for wartime production.

Mk V blank using a Mk VII ball case. Unusually this case has only 5 petals in the crimp

Mk V blank made at MF

A Mk V blank showing a variation in crimp.
